

# Dell Inspiron E1405 Hard Drive Replacement

This guide will help you replace the hard drive in a Dell Inspiron 1305.

Written By: Sarah Neal Secrest

## INTRODUCTION

Use this guide to help you replace the hard drive in a Dell Inspiron 1305.

---

### TOOLS:

- [Phillips #00 Screwdriver](#) (1)
-

## Step 1 — Battery

⚠ Save your work, power the laptop off, and ensure that the charging cable is unplugged before removing the battery.

- Flip the laptop over.
- Locate the battery release switch on the bottom of the laptop.

## Step 2

- Slide the battery release switch away from the lock symbol until you hear the battery click.
- Slide the battery towards the back of the laptop until it comes free.

## Step 3 — Hard Drive

- Locate the hard drive access door.
- Remove the two 5.5mm screws with a #00 Phillips screwdriver. These screws are securing the hard drive access door.

## Step 4

- Using your fingers, open and remove the access door from the laptop, exposing the hard drive underneath.

To reassemble your device, follow these instructions in reverse order.
